

Referral Program

Your organisation's success comes from its focus on delivering on your core promises to your clients. Inevitably, your clients may also ask for your guidance when it comes to selecting and/or implementing new technologies such as a business spend management platform (BSM).

Chances are, presenting and implementing BSM software is not your forte.

But it is ours.

Becoming a ProSpend Referral Partner frees up your time so you can focus on doing what you do best.

We take the time to understand the business goals and the desired outcomes of each project you refer, to ensure a great sales & delivery experience for you and your clients - every time.

Features you can rely on, experience you can trust

ProSpend offers an award-winning suite of business spend management (BSM) that can help your clients streamline data and processes, reduce fraud, and improve compliance, fully backed with full audit and approval controls.

Quick Facts About ProSpend

- 99% customer retention rate
- Strategic focus on the ANZ market
- Australian owned and headquartered
- Over 35% of revenue is reinvested back into research and development (R&D)
- Hosted in Australia

A referral partner program built with you in mind

We’ve made simplicity the guiding principle of all that we do. That’s why the only thing you need to do is fill out a short referral form when your clients have a software requirement that you would like us to assist with and we’ll do the rest - keeping you in the loop from discovery to delivery.

The table opposite outlines the requirements and rewards associated with each ProSpend Partner tier.

| | | | |
|---|---|---|---|
|  Partner Tier |  Standard |  Silver |  Gold |

A win-win-win situation for everyone!

Just a few reasons to join

Delight your customers

Attractive referral dollars

We do the heavy lifting

We help you market

A typical accountant referral journal

Our Partner “Sally” is an experienced Accountant. One of her high-value clients, “ABC Pty Ltd” has increased, and has archaic processes, around AP and Expense Management.

Sally is engaged to help with the development of best-practice for improving business spend management. As part of this consulting work, it becomes apparent that a feature-rich software is required to operationalise these new policies and processes.

Sally recommends and introduces ProSpend.

After discovery meetings, demos and negotiations (all taken care of by ProSpend’s experienced sales team), ProSpend is the chosen vendor.

ABC Pty Ltd enjoys productivity gains through automated processes and benefits from reducing potential fraud with full audit and approval controls as well as compliance & governance improvements, all delivered through ProSpend’s award-winning software solutions.

In turn, Sally enjoys the consulting work prior to the purchase of ProSpend, as well as post-implementation consulting to help her client document, adopt and report on their new practices.

Sally also receives a referral fee from ProSpend which she can either bank for her business or give to charity.

A typical ERP implementer referral journey

Our Referral Partner “Duncan” is running a successful ERP (Enterprise Resource Planning) implementation business, with clients across ANZ. One of Duncan’s clients, “XYZ Pty Ltd” has automated their accounting, finance, logistics, marketing, sales, legal and supply chain functions.

Unfortunately, the ERP that Duncan usually sells is weak on business spend management (BSM).

Duncan doesn’t have the time or inclination to become an expert in BSM, but he doesn’t want to leave his valuable client without a feasible solution in this space.

That’s why Duncan has partnered with ProSpend. XYZ Pty Ltd enjoys the benefits of ProSpend’s feature-rich cloud BSM solutions, including the ability to interface with various ERP solutions via the native API and/or other In/Out options.

In turn, Duncan gets to focus on what he’s good at, knowing that our experienced sales team will look after his client and deliver the BSM systems expertise required.

Duncan also receives a referral fee from ProSpend which he can either bank for his business or give to charity.
